The information on this website has been compiled with the greatest care to ensure the accuracy of this information. The team behind ECVmallbreeds cannot be held responsible for incorrect information on this website or damage caused by incorrect use of this information.

The information provided on this website does NOT replace veterinary diagnosis and no definite medical conclusions can be drawn from it.

COPYRIGHTS

Please take note that the content of this website (ecvmallbreeds.com) is copyrighted by the authors. It is strictly forbidden to change, publish or distribute this content to third parties without the explicit written consent of the authors.

PRIVACY POLICY

In this privacy statement you can read everything about when and how your personal data is collected and how it is handled. This explains where and for which purposes your data is stored. In addition, you will also find all your rights with regard to your data and how you

can make use of those rights. The privacy statement will sometimes be changed by, for example, legislative changes. It is therefore advisable to consult the statement periodically.

ECVM only processes personal data on the basis of a legitimate interest, namely, to enhance research or to subscribe you to a requested service. Your data will never be sold to third parties.

The information that is required to provide is the minimum information required to offer a data sample to studbooks or to enlist you to a service. For example, your e-mail address is required to be able to send the newsletter. If this mandatory information is not provided, ECVmallbreeds cannot offer the relevant service.

The data that ECVmallbreeds receives and processes are managed by:

1. Wix

The monthly newsletters and form submissions are handled by our wix provider. When you sign up to become a member, your e-mail address will be automatically saved in the appropriate list within Wix.

When you submit the horse registration form, all information provided including your email, your name, the country you live in, the name of your horse, the breed of your horse and the identifications number of your horse will also be saved within Wix with the purpose of data collection for research.

In each monthly newsletter we will publicly share the amount of horse registrations received to all members. We will do this anonymous in the sense that we will only list how many registrations per country we have received in a certain month. Any other details submitted will NOT be shared.

When we will submit data to studbooks, we will only share the name and registration number of the horse in favor of future research. Any other details submitted will NOT be shared.

2. Hostnet

The ECVmallbreeds e-mail is hosted at Hostnet. If you contact us via the contactform or via e-mail, those e-mails will be stored on the Hostnet servers.

No physical copies are made of your personal data. Your data is only managed in the aforementioned systems and software. The personal data managed by ECVmallbreeds or by the aforementioned third parties are only accessible via the above software and are protected with a two-step verification password.

With this two-step verification, a code is generated from the software and sent to ECVmallbreeds. This code should be used during the login process. The devices that open your data are each also locked with a password and / or fingerprint. The number of devices that can access your data is limited to only the necessary devices.

In addition, your visit to our website is secured by an SSL certificate. This means that your connection to the ECVmallbreeds website is private. You can recognize this security by the green lock in front of the url. In addition, the ECVmallbreeds domain is signed with DNSSEC. This is an additional tool that makes the "signage" of the website safer and more familiar.

ECVmallbreeds reserves the right to disclose the data when required by law or when ECVmallbreeds deems this justified to comply with a legal request / process or to protect the rights, property or safety of ECVmallbreeds. In doing so, we always try to respect your right to privacy as much as possible.
